

West Pasco Model Pilots Association

WPMPA are pleased to announce the completion of our new Geo Textile Runway

Paid for and installed completely by donations from the members this new runway is a tremendous asset to our club

Measuring 300 feet x 45 ft it is parallel to the 600 ft x 100 ft grass runway. It will be of enormous benefit to the fliers with foamies and small wheeled aircraft EDF jets will be able to take off much easier than on the grass runway.

With an additional grass East/West runway, a separate Helo Site, on site Power and Internet access, WPMPA field is The best equipped flying club in Pasco County

WPMPA WELCOMES NEW MEMBERS
